Forecast for Sunday 20 Jun 2021

Weather: Staying cloudy overnight with some drizzle or light rain at times, especially for western ranges. A cloudy start to the day too with the chance of a some light rain or drizzle at times, a more definite area of rain will spread southeast during the afternoon affecting western ranges first, but most areas wet by the evening. Rain continuing through the evening period.

Chance of cloud free mountain/hill tops above 800m: 40%, broken low cloud in the west for most of the morning, better conditions for eastern ranges and the northern Cairngorms, more low cloud is likely to build during the afternoon.

Visibility: Generally good visibility below any low cloud, perhaps moderate in rainfall in the afternoon. Low cloud will be broken from 500m and above in the west, more scattered from 700m and above in the east.
